

Proposal: Title

Site: Charité, Berlin, Germany (example)

Proposing individuals: Names and sites, mention all relevant to this proposal.

Contact for the DISCHARGE dissemination committee: Marc Dewey (example)

Background: Text including references, preferably less than 5 lines.

Main Hypothesis: Limit to only one sentence.

Methods: Text including references, preferable less than 10 lines.

Data Needed: Text including information about whether all data required for the proposed analysis is included in the core lab eCRF or which additional analyses are proposed. In the latter case a description of how these analyses will be funded/supported is required.

If eCRF data is available: Please state where the required data for analysis can be found in the eCRFs (name of the eCRF and number of questions).

Target Journal: Name the most appropriate journal.

Conflicts: Please check if your proposal is in conflict with one of the outcomes defined by other investigators prior to the start of the study. Please take a look at <https://clinicaltrials.gov/ct2/show/NCT02400229>

References: Numbered references

Maximum length of proposals sent to melanie.estrella@charite.de is two pages.
